

July 1, 2011 Frame Posting

## *A Little Box of Rednecks!*

One of our clients was presented with a small cardboard box...upon opening it...12 happy little roustabout rednecks were grinning back at him! He wanted to “do something “with them for the bar, so we decided to frame them in their own little bar, complete with mirror!

Openings for the “bar mirror” and the “bar stool” shelf were cut out of a hand wrapped linen mat.

The acrylic “bar stool” shelf was slide thru the opening.

from the side

from the front

The Rednecks filed into the bar, grabbed a stool, and were glued in place!

Our client...

He's very happy with his new drinking buddies!
